### Casket Price List

The prices are effective as of October 15, 2009 but are subject to change without notice.

The Descriptions "Protective" and "Non-Protective" are the manufacturers. Although certain caskets offered for sale by this funeral establishment may be of better quality construction and comprised of more durable material than others, neither this funeral establishment nor any of its employees represents or implies that any casket will be air tight or water tight or will provide long-term preservation of human remains.

To assist you in identifying a casket, we have assigned a number to each casket. A corresponding number has been affixed to the upper left-hand corner of the casket price card, which is inside or attached to the casket.
